(ii) clause (c) shall be omitted;

(b) in section 3, for the words "a registered auction platform" wherever they occur, the words "an auction platform" shall be substituted.

4 of 1975.

## STATEMENT OF OBJECTS AND REASONS

In pursuance of sub-section (1) of section 4 of the Tobacco Board Act, 1975 (4 of 1975), the Tobacco Board was established by the Central Government on the 1st January, 1976. In the course of the functioning of the Tobacco Board, certain practical difficulties have come to light.

2. Sub-section (3) of section 4 of the Act has specifically designated Guntur in the State of Andhra Pradesh as the place where the head office of the Board is to be located. Guntur is a very important centre from the point of view of production and marketing of virginia tobacco which is the most important exportable variety grown in the country. However, this place has no direct rail or air link with either New Delhi or the capitals of other tobacco producing States in the country. Since the Tobacco Board is an all India body, dealing with all varieties of tobacco, it is considered vital for its efficient functioning that the Central Government should have the power to locate the head office of the Board at such other place as may be considered necessary in the interests of efficient functioning of the Board.

3. In recognition of the importance of Gujarat as the second largest tobacco producing State in the country after Andhra Pradesh, even though the tobacco produced there is primarily of non-virginia type, it is proposed to accord a permanent seat on the Board for the representative of the Government of Gujarat as in the case of Andhra Pradesh and Karnataka.

4. Under section 13 of the Act, no registered grower or curer can sell or cause to be sold virginia tobacco elsewhere than at an auction platform registered with the Board in accordance with the rules made under the Act. This provision as well as the functions of the Board specified in section 8 do not specifically empower the Board to set up auction platforms of its own or to function as an auctioneer at such platforms. For securing fair and remunerative prices to the growers and for providing efficient auction facilities it is considered necessary that the Board should also have the power to set up its own platforms. It is considered further that the Board should also have the power to function as an auctioneer not only at such platforms, but also at platforms which may be set up by others and registered with the Board.

5. There is at present no specified provision in the Tobacco Board Act, 1975 for levy and collection of suitable fee from the sellers and buyers of virginia tobacco for the use of the auction platforms that may be established by the Tobacco Board and for the services to be provided in connection with the auctions to be held at these platforms. It is considered necessary to make such provision for meeting the expenses to be incurred by the Board in conducting auctions and in operating these platforms.

6. It is also proposed to make certain consequential amendments to sections 2 and 3 of the Tobacco Cess Act, 1975 (26 of 1975) so as to bring within the scope of the definition of "auction platform"—an auction platform established by the Board.

7. The Bill seeks to give effect to the above objects.

NEW DELHI;  
The 22nd April, 1978.

MOHAN DHARIA.

## FINANCIAL MEMORANDUM

Clause 2 of the Bill seeks to amend sub-section (3) of section 4 of the Tobacco Board Act, 1975, so as to empower the Central Government to locate the head office of the Tobacco Board, either at Guntur or at such other place as may be specified by it.

2. Clause 3 seeks to amend sub-section (2) of section 8 of the Act so as to enable the Tobacco Board to establish auction platforms for the sale of virginia tobacco by registered growers or curers and to function as an auctioneer at such platforms or at auction platforms registered with it.

3. The aforesaid provisions of the Bill, though enabling in nature, may involve—

(a) expenditure on transportation of the records, furniture, etc., of the Board and payment of travelling allowance to the officers and staff stationed at the head office in Guntur in the event of the Central Government deciding to shift the head office to another place;

(b) expenditure on the establishment of one or more auction platforms, as the Board may consider necessary.

4. The amount of expenditure involved on shifting of the head office from Guntur will depend on the number of officers and staff that may be in position at the time a decision is taken to shift the head office and also on the distance from Guntur to the new station where the head office is decided to be shifted. It is, therefore, not possible at present to indicate precisely the expenditure that may be involved in the shifting of the head office. However, if the head office is shifted to a place within the State of Andhra Pradesh, the expenditure may not be much and it should be possible to meet the same from within the normal budget of the Board. The Board's present office at Guntur is housed in a hired building.

5. The expenditure involved on establishment by the Board of auction platforms will depend on the number of platforms that may be set up by the Board. It is provisionally estimated that each such platform may cost about Rs. 8 lakhs for land and building in the form of non-recurring expenditure. For operating the platforms to be set up by the Board, it may have to incur a recurring annual expenditure of about Rs. 4 lakhs towards salary and allowances of the trained supervisors to be appointed to supervise these platforms. Depending on the nature and extent of services to be provided at the auction platforms to be set up by the Board, some additional recurring expenditure may also be involved in operating these auction platforms. A provision however is being made in the Act by incorporating a new section 14A for levy of a fee at a rate not exceeding two per cent. of the value of virginia tobacco to be collected by the Board from the sellers and purchasers in respect of virginia tobacco sold at auction platforms established by the Board. Under the Tobacco Cess Act, 1975 (26 of 1975), the Central Government is also empowered to levy a duty of excise at the rate of one paise per kilogram on all virginia tobacco sold at these auction platforms. The annual revenue from this duty of excise after the establishment of auction platforms is expected to be about Rs. 10 lakhs. It will be possible for the Board to meet the recurring expenditure on operating these platforms and in providing such services as may be considered necessary out of the proposed fee and, if necessary, out of the proceeds of the aforesaid duty of excise.

6. Except as stated in earlier paragraphs, it is not possible at this stage to indicate the amount of recurring and non-recurring expenditure.

## MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 6 of the Bill seeks to insert new clause (hh) in sub-section (2) of section 32 of the Tobacco Board Act empowering the Central Government to make rules regarding the manner of collection of fees under section 14A. This matter relates to procedure and administrative detail and it is not practicable to provide for it in the Bill itself. The delegation of legislative power is, therefore, of a normal character.
